ESTABLISHED A. D. 1878

VOLUME 46 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JANUARY 6, 1927 | TEN PAGES TODAY | NO. 36

Cameron—Friday and Saturday cloudy and cooler.

OUR TOWN

I did a favor yesterday,
A kindly little deed - - -
And then I called to all the world
To stop and look and heed.
They stopped and looked and flattered me
In words I could not trust,
And when the world had gone away
My good deed turned to dust.
A very tiny courtesy
I found to do to-day;
'Twas quickly done, with none to see,
And then I ran away - - -
But someone must have witnessed it,
For—truly I declare—
As I sped back the stony path
Roses were blooming there!

—Willa Hutson.

Bank statements will show that despite the decline in the price of cotton last year farmers were able to liquidate their indebtedness. The carry over in loans will not be above normal years, considering the difficult auspices under which the cotton crop was sold. The cotton crop in Milam County in 1926 sold for about four and a half million dollars. Other sources of revenue from the farm brought the total to a surprisingly high figures. Farmers are now being financed by the banks for another year. They have an abundance of feed and a sufficient season to raise more cotton than they can conveniently gather if no more rains fall.

Bank statements show a slight decline in deposits as a whole but loans are considerably reduced. The financial statements of the banks in Cameron is a guarantee of commercial strength for the community and when considered from all standpoints, the year ahead is bright with prospects for complete recovery and prosperity. The orderly process of business will not be interrupted.

The health survey now under way in Cameron schools will when its full import is understood have the active co-operation of every parent and patron of the schools. This service to improve the health of the children by bringing to their attention and to the attention of the parents their physical needs is one of the most important programs in recent years in the Cameron schools.

Experience has shown that children many times suffer great physical handicaps without knowing the fact or the cause. Often times such simple corrections as offered by the health nurse which do not entail expense or pain, change the entire outlook for the child and bring health and proper development. The work under way is in charge of a graduate public health nurse and with the assistance of Dr. W. R. Newton, member of the board, will result in great benefits to the pupils. This survey is offered without cost and without compulsion. It is simply a great and necessary service rendered by a school board that is seeking to do the best possible for the children Physical defects found in children will not be corrected as a demand upon the parents but suggestions will be made and parents and teachers acting upon the advice of the nurse can bring about health and proper development of the children. The survey now under way deserves the co-operation of all the people.

Cameron is to have a modern 50,000 tree pecan nursery. This nursery will ship trees to pecan orchards over a wide territory. It is an encouraging development in the program for bringing proper attention to the importance of the pecan industry. The presence of a nursery will emphasize much that has been overlooked in the growing and marketing of pecans. The county agent has been asked to give time to enlisting the aid of pecan tree owners to organize an association in the county. When this is accomplished the industry will begin to assume the proportions to which it is entitled.

Cameron is soon to have a commercial hatchery to supply the farms and chicken raisers with chicks to be raised for the markets and to swell farm revenues. This is an encouraging sign for the proper and balanced development of production and Cameron may look forward to a great increase in produce another year. Indications are that the turkey crop will be large again this year, farmers having retained stock turkeys enough to insure a good yield. The produce market by reason of its relation to food supply will hardly be overstocked no matter what the yield. Turkeys and chickens are raised at practically no expense to the farmers.

To reduce the cotton acreage and increase the production of feed and produce will bring back prosperity to the farmers and to business interests generally. Let's make 1927 a banner year for balanced production.

PECAN NURSERY WITH 50,000 TREES ASSURED

Modern Chicken Hatchery Assured For Cameron

SITE LEASED FOR BIG PECAN PLANTATION

L. D. ROMBERG OF HOLLAND BRINGS BIG INDUSTRY TO MILAM COUNTY

Cameron is soon to have a Pecan Nursery with 50,000 trees to serve this territory in the increasing demand for planting and marketing these nuts and for shipment over a wide territory.

L. D. Romberg of Holland, formerly with the division of edible nuts in the department of agriculture and student of A. & M. College, has leased a five acre tract of land from B. P. Matocha adjoining the townsite north and will immediately plant about 90,000 pecans and he expects to have more than 50,000 trees by the next season.

Mr. Romberg on his farm near Holland has for several years been engaged in propagating pecan growth and is an expert in the business. His services can be had for budding pecan trees and improving the native stock of the county.

The pecan nursery which has not yet been named will serve the trade territory of Cameron and will ship to a wide section of the country beyond the borders of the territory.

"I believe Cameron is the logical point from which to make a large distribution of pecan trees," said Mr. Romberg, "and I have decided that I will engage in the business on a large scale as the developments will permit. I have leased a five acre tract of suitable land and will begin planting at once."

As a student at A. & M. College Mr Romberg specialized in pecan culture and his service with the department of agriculture for Texas gave him a wide experience and he will bring to the industry here that measure of enterprise that will make it succeed. Mr. Romberg is a young man and brings to his first commercial enterprise great energy and ambition.

The Commercial Club on Monday night voted endorsement of the industry and has offered Mr. Romberg its services in every way possible to make the business succeed.

WALDENS COLLEGE TO OPEN HERE MONDAY 10

BUSINESS SCHOOL TO OPERATE IN BUILDING OVER BLUEBONNET CAFE

Walden's Cameron Business College will open in Cameron on Monday, January 10.

The college will be operated in the building over the Bluebonnet Cafe the manager, Mr. Walden having established his offices there and announces that on Monday evening he will deliver a lecture on the "Laws of Achievment and Success."

Mr. Walden says he has a number of applications for the courses in the school and believes he will start the college off with a large attendance.

The college will open for instruction Monday. Mr. Walden is a successful business college operator, having established and conducted successful schools in various parts of Texas, now owning a college at Austin and one at Bryan.

One of the features of the school will be the night courses enabling students who cannot give the time during the day to acquire a business education at night.

MACK HARVEY ENTERTAINS RADIO AUDIENCE FROM OKLAHOMA CITY STATION

Mack L. Harvey of Cameron, now on a visit to relatives in Oklahoma City gave his Cameron friends a pleasant surprise on Tuesday night when he sang from the radio station there Mr. Harvey's voice carried well and the numerous telegrams indicate that he pleased his hearers.

Capt. Lane Thomas has returned from a visit of several months on the ranch of his nephew in Hidalgo County. The ranch is managed by Kid Cantu since the death of Sam Lane. Mr. Thomas went there for his health and has returned to Cameron much improved and his many friends will be pleased to note this improvement.

SPEAKERS INSPIRE BAPTIST WORKERS

BAPTIST WORKERS PLAN WORK FOR COMING YEAR

The monthly Worker's Conference of the Milam County Baptist Association was held this week at the Cameron Baptist church. The meeting was fairly well attended and an excellent program was rendered. A partial organization was perfected for the carrying out of the State Wide Conquest Campaign. The County was divided up into four zones, and the following chairmen were appointed as directors of activities in the several zones: Zone 1, E. S. Hutcherson, chairman; Zone 2, W. P. Elliott, chairman; Zone 3, J. A. Hall, chairman, and Zone 4, O. M. Bean, chairman. E. S. Hutcherson is Associational organizer and J. H. Garrett is Associational publicity director.

One of the most inspiring hours of the day, was the eleven o'clock hour, when W. A. Chisholm, of Temple addressed the Conference on the "Conquest Campaign." A delightful lunch was served by the Cameron ladies, and while the company was still seated at the dinner table, Bro .T. C. Jester of Taylor, district organizer for the Campaign, brought a stirring message, urging that the Association attend in large numbers the District Rally at Austin on Thursday of this week. The Association decided to go in a body to the Rally at Austin, leaving Cameron at 6 a. m., being joined by other parties at Rockdale and Thorndale.

The Conference was brought to a fitting climax in the closing sermon, preached by Bro. O. M. Bean, the new pastor of the Thorndale Church.

MISSIONARY INSTITUTE CAMERON JANUARY 20

MARLIN DISTRICT MISSIONARY INSTITUTE HERE THURSDAY, JANUARY 20

Bishop S. R. Hay will deliver the opening address. W. W. Watts and others will speak.

Let pastors, Stewards, Charge Lay Leaders, Church Lay Leaders, Presidents Epworth Leagues, Presidents Women's Missionary Socities, Sunday School Superintendents and the Membership of the church attend.

This meeting is for the purpose of awakening the church to a great forward movement on all lines, but more especially in all our missionary activities, at home and abroad.

The whole church is back of this effort, and we want the Marlin District to join in this united forward movement.

Come and let us get the vision of a World crying for the Good News.

Our church had its beginning by hearing and answering a Nation's cry for a deeper Work of Grace! Can we do it again?

"And who knoweth whether thou art come to the Kingdom for such a time as this?"

MASS MEETING CALLED FOR GRAPE INDUSTRY

COMMITTEE TO ENTERTAIN FARMERS AT HOYTE TO PROMOTE GRAPES

A mass meeting Tuesday night, January 11 of sand land farmers in the Hoyte and surrounding community has been called by F. S. Lesovsky, chairman of the committee from the Commercial Club to discuss the proposed grape industry in that section of the county.

C. W. Lawrence also of the committee will take an active part in the meeting which has been called to encourage a large acreage in that section of the county to be devoted to Carmen grapes.

In addition to Mr. Madison the committee assures the farmers that a grape expert from Ingleside will be present to talk with the land owners. This meeting will bring to the farmers all possible information about the grape industry and farmers may learn of the business and the possible returns from it.

The proposed grape industry has been under discussion at the commercial club for some time and it is counted fortunate for the club and the people that the work has progressed to the point where the meeting can be called and the plans for the planting of grapes be made. The committee has obtained a price on cuttings of the famous Carmen grapes that will bring them to the farmers at the lowest price that can be obtained anywhere in the country.

The grape industry on the sandy lands east of Cameron, will according to those who are now engaged in the raising of grapes and the investigations of the committee be profitable.

The club received a letter from F. W. R. Hubert of Minerva on Tuesday offering to give 300 cuttings from his vineyard of Edna grapes at Minerva. These cuttings will be taken and will be planted on lands east of Cameron as a part of the program, although the committee has decided on the Carmen grapes. F. E. Jackson will take these cuttings for some grape land he has recently purchased.

MISS LALLA MEYERS TO VISIT MARKETS THIS YEAR IN ST. LOUIS

Miss Lalla Meyers expects to leave Cameron on January 20 for Dallas to attend the style show there on January 23 and from there will proceed to St. Louis to visit the markets there and purchase stock for the coming spring and summer season.

Miss Meyers makes two trips each year to the markets of the east, last year going to New York.

THORNDALE HOT WELL PAVILION OPENS 12TH

BATH HOUSE AND RESORT OPEN 7 TO 10 P. M. JAN. 12

The bath house and health center at Thorndale owned and operated by the Thorndale Marvel Well Inc., will be opened on January 12

Manager M. K. Culver of the properties, announced Wednesday that a reception would be held between the hours of 7 and 10 p. m. There will be music by a band and orchestra and public speaking.

The management invites the public to inspect the property during the reception hours.

The resort is made possible by the health giving waters of the hot sulphur well, the chemical analysis of which is similar to the water at Marlin. Stock in the corporation has been subscribed by people of Milam and adjoining counties. It is said that a number of Cameron people have invested in the property.

D. B. WORCESTER BUYS MARKET FROM DEES

D. B. Worcester is back at the City Market as owner and has taken charge of the business. It was purchased from S. W. Dees and will conduct the business along the lines as formerly run by the Worcester interests.

Mr. Worcester is a well known market man and to citizens here needs no introduction. For many years he was in the market business and the kind of service he gives his patrons is the best possible.

Mr. Worcester has an announcement in this issue of the Herald which will be of interest to his many friends over the city and county. He will conduct a cash business, he says, and nothing will be charged.

R. L. BATTE BAGS TWO 11 POINT BUCK DEER

CAMERON MAN ALSO GETS MEXICAN LION IN LASALLE COUNTY HUNT

R. L. Batte, Jr., is one of the successful hunters of the year, having returned home during the holidays with two eleven point buck deer he bagged in a hunt in LaSalle and Webb Counties.

The hunt was staged on the big ranch Mr. Batte visits every year in company with friends there. The deer were the largest seen here this season.

Mr. Batte gave a generous portion of the meat to friends and a number of Cameron homes had venison for Christmas. In addition Mr. Batte gave a venison supper at the Newport Cafe for friends and a large number attended.

One of the exciting moments of the hunt was the killing of a large Mexican lion by Mr. Batte who shot the beast seven times before he was brought down. The lion was one of the largest ever killed in that section of Texas where game abounds in plenty.

Mr. Batte will have the heads of the deer mounted and they are said to be fine specimens.

AMERICAN LEGION TO MEET TUESDAY NIGHT

EX-SERVICE MEN URGED TO ATTEND FIRST MEETING OF YEAR

Members of the American Legion are requested to meet at the District court room in the court house at Cameron on Tuesday night, January 10 at 7:30 o'clock.

This will be the first meeting of the year and some important business will be transacted for the post.

L. V. Perkins, adjutant of the post has mailed out notices to all members of the post.

The Legion has not held a meeting in some time and the post will have to take up some matters of importance for the operation of the club in 1927.

All members are asked to attend the meeting.

ELECTRICAL ORDINANCE OF CITY AMENDED TO GOVERN LICENSE GRANT

The City Council on Tuesday night passed an ordinance governing electrical wiring in the city which takes the places of the old ordinance.

The new ordinance as printed in this issue of The Herald explains in detail all the requirements and it will be noted that some changes have been made. Hereafter no one will be permitted to procure a license unless he is a contractor and also some changes are made in the license fee as well as requiring a bond from the inspector

Dr. W. W. Greer returned to his home in Austin after a pleasant visit with friends here.

F. W. KAZMIER, NOTED POULTRY MAN COMING

COMMERCIAL CLUB TO BACK INDUSTRY FOR BENEFIT OF FARMERS

The commercial hatchery has been assured to Cameron according to directors of the Commercial Club in session on Monday night when a proposition as submitted by F. W. Kazmier, noted Texas poultryman, was accepted and referred to the home industry committee of which Jno. C. Young is chairman.

The club also voted to offer similar aid to local men who have been thinking of engaging in the business. If they are not interested Mr. Kazmier will take up the proposition and the club feels at liberty to predict that Cameron will soon have a commercial hatchery.

Mr. Kazmier is one of the best known poultry men in Texas and the club feels fortunate in being able to induce him to come to Cameron.

The matter of a commercial hatchery has been under consideration by the club for a long time. The club has had numerous offers but had not found one to its liking until Monday when Mr. Kazmier came through with his proposition.

The operation of a hatchery in Cameron will be the means of supplying the farmers and poultry men with baby chicks and they can be raised as a money crop to market in the local markets.

The capacity of the plant will be about 15,000 eggs. It is said that in as much as the season is now open that the hatchery will be in operation soon.

HEALTH SURVEY FOR STUDENTS OF SCHOOL

PUBLIC HEALTH NURSE AIDS BOARD IN IMPORTANT WORK HERE

A health survey is now under way in the Cameron schools under the direction of Miss Mary Worster, a graduate nurse from the Texas Public Health Association, with the co-operation of local doctors.

Plans for the survey were made by a committee from the school board composed of Dr. W. R. Newton and T. A. Fisher, and the work will be done without cost to the school further than the living expenses of Miss Worster during her stay in Cameron, her salary being paid by the Texas Public Health Association.

The height and weight of every child in the public schools is being recorded and a physical examination including teeth, nose, throat, sight, hearing, etc., is being made. A record of these examinations will be furnished each parent, and where there are indications of the need of medical attention the suggestion is made that the family physician be consulted.

It is a well known fact that many school children not only suffer as the result of some physical defect, but are also retarded in their school progress by defects often easily remedied if found in time. It is to be hoped that parents will recognize the importance of the work being done to better the physical condition of Cameron children and give the fullest co-operation in the work being undertaken by the school authorities.

CHAS. RACHUI SUSTAINS BROKEN RIBS IN FALL

Friends here and at Buckholts of Chas. Rachui will be grieved to learn of his misfortune last week when he fell and broke a number of ribs. He was taken to the hospital in T[illegible] and his condition is said to be ing.

Mrs. Rachui is [illegible]gest and substantial ci[illegible] tion of Milam Coun[illegible] number of friends [illegible] him a speedy reco[illegible]

CHEVROLET REDUCES PRICE AND IMPROVES MODEL; GREATEST CAR EVER BUILT SAYS STATEMENT

Surpassing all its former achievements as the world's largest manufacturer of three-speed transmission cars, the Chevrolet Motor Company today, announces an entirely new line of automobiles, heralded as the most beautiful in Chevrolet history.

Embodied in the new line, which goes on display throughout the country today, are hosts of improvements, many of which were found hitherto only in larger and more costly cars. The economies of tremendous volume production have made possible the marks of distinction which individualize the new line, according to a factory statement.

The new cars are mechanically finer, entirely new in body lines, smarter in appearance, complete in equipment and outstanding in the display of colors. Seven models, five closed and two open cars, comprise the line. One model, a rakish beautiful sport cabriolet has been added.

Some of the standard features on the new models are as follows—AC air cleaner, AC oil filter, balloon tires, bullet-type head-lamps and cowl-lamps newly designed radiator shell, one piece full-crown fenders, heavier running boards, larger steering wheel, new instrument panel, new tire carrier assembly and co-incidental ignition and steering lock.

Beauty and refinment has been stressed in the design. Appointments have been catered to with a thoroughness that promises to please the most fastidious motorist. Succeeding the smoothest Chevrolet, the new line has been built to establish a new standard in the low price field.

All closed bodies are by Fisher and finished in Duco. The seven models are finished in five smart color combinations, with contrasting color stripes emphasizing the body bead. "Fish-taling," a crowning achievement of the designer's art, hitherto employed only on the more expensive cars, lends a striking appearance to the rear deck of the Coupe, Sport Cabriolet and Roadster. A reduction in the 'over-all' heighth of the cars without sacrificing head room, makes for a more racy contour.

The radiator of polished airplane metal follows a new design. It is longer and larger and with the centrifugal water pump provides for high cooling efficiency. Sweeping one-piece full crown fenders are topped off by bullettype head-lamps with cowl-lamps to match.

Steel disc wheels in colors are standard equipment on all models. Natural wood wheels are optional at a small additional cost.

The Chevrolet motor has been made even smoother and its efficiency further improved by the use of a new and improved oil pump. Another advance on this year's car is the use of an AC air cleaner, which supplies clean filtered air to the carburetor and prevents dirt and grit from getting inside the motor and damaging moving parts.

Greater mileage, fewer oil changes and a minimum of motor wear is promised as a result of the adoption of an AC oil filter which removes impurities and dirt from the oil supply.

A new and larger steering wheel 17 inches in diameter provides for easier handling and adds to the appearance of the car as well. The new tire carrier is mounted on the frame, entirely free from the body and is braced in a vertical position by heavy steel brackets. A new gasoline guage and a combination stop and tail light are standard equipment.

On closed models new and narrower windshield pillars greatly improve the vision permitting a commanding view of the road. Doors are equipped with remote control handles, making it necessary to turn far to the side in opening or closing the doors.

The new instrument panel includes a co-incidental lock that automatically locks both steering gear and ignition. Speedometer, oil gauge, ammeter, carburetor choke and dash light are also placed on the panel. The windshield is of full vision, one-piece VV Fisher design with automatic wiper and rear vision mirror standard equipment on all closed models.

Detailed description of the seven new models indicates the thoroughness which the Chevrolet designers have shown in introducing the new line.

The sport carbriolet which has been added this year, has a four passenger carrying capacity, with a spacious rumbe seat. It has a tan whip-cord top and tan upholstery of grain leather. The body is Fisher-built and finished in Royal Oak green Duco. The landau irons, window frames, ledges, windshield frame and automatic wiper are finished in nickel. Bullet-type head lamps, one piece full crown fenders, tan textile leather visor and polished radiator shell combine to give the new model a smart appearance. Other interesting items of equipment on the cabriolet are the one-piece tilting windshield, large 17 inch walnut finished steering wheel, front door pocket, remote door control handles, coincidental ignition and steering lock, gasoline guage and new tire carrier.

The Landau is finished in Biege brown Duco on the body, window mouldings and wheels, with chrome yellow striping on the streamline moulding. The roomy interior is upholstered in brown plush. Oval plate glass windows in the rear may be opened, assuring clear vision and ample ventilation. One-piece windshield with narrow metal corner posts, automatic windshield wiper, sun visor, rear vision mirrow dome and dash lamps, automatic stop light, smoking set and new tire carrier are among other items of equipment.

The sedan is finished in Marine Blue Duco with gold striping on the body moulding. The interior is upholstered in blue corduroy. The coach has a new streamline moulded body, finished in St. James gray Duco, fashionably striped in pistache green. Upholstery is in green corduroy. The two doors are unusually wide, providing for easy entrance and exit.

"Fish-tail" modeling, emphasizing the streamline effect, is also used on the two passenger coupe. The body, window moulding and steel disc wheels of the coupe are finished in Biege brown Duco, with light chrome yellow striping. Blue corduroy upholstery harmonizes with the exterior finish. A spacious ledge is provided behind the seat for carrying small parcels. The rear deck is arranged into a compartment large enough to carry a full-sized steamer trunk.

An equally generous compartment space is available on the roadster on which the "fish-tailing" effect is also emphasized. Finished in Falmouth gray Duco, with streamline moulding and French gray striping it discloses an interesting advance over the preceding model.

The new one-piece full crown fenders and fenders and bullet headlamps give the touring car a distinct appearance of newness. Like the roadster it is finished in Falmouth gray Duco.

The Chevrolet factories are now in production on the new models, with record shipments leaving every day for various parts of the country.

A husband's petting of another woman is not ground for divorce, a judge rules. But there is a lot of trouble ahead of the man if he gets caught, nevertheless.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give *Doan's* signed endorsement. *Ask your neighbor!*

SYSTEM CHOKED

Texan Was Helped by Use of Black-Draught.

Mr. James W. Burnett, who lives on Rural Route No. 4, Whitney, Texas is a great believer in Thedford's Black-Draught for the relief of such common ills as indigestion and constipation. He writes:

"Since I first found out about Black-Draught, I have never been without it in the house. For several years, I had been a sufferer with indigestion. Occasionally, my system would become thoroughly choked with poison, and I would have a real sick spell. Now I ward them off by being forehanded, and taking Black-Draught *before* they come, instead of *after*.

"We all use Black-Draught in our home, for constipation and indigestion."

Get a package today, and try Thedford's Black-Draught the next time you are constipated. Sold everywhere. One cent a dose.

Thedford's BLACK-DRAUGHT Vegetable C-43a

NOTICE OF DISSOLUTION

Notice is hereby given to all persons that the firm of Abrams Brothers heretofore conducting stores at Hearne in Robertson County, Texas, and at Cameron in Milam County, Texas, has this day been dissolved by mutual consent.

Henceforth the store operated under the name of "The Famous" at Cameron in Milam County, Texas will be owned and conducted solely by Jake Abrams, and Meyer Abrams will be in no manner conected therewith nor own any interest therein; and henceforth the store operated under the name of "The Famous" at Hearne in Robertson County, Texas, will be owned and conducted solely by Meyer Abrams, and said Jake Abrams will be in no manner connected therewith nor own any interest therein.

JAKE ABRAMS
MEYER ABRAMS

J. H. COFFIELD, WACO DIES

The sad news of the sudden death of James Henry Coffield, age 46, who died Christmas night at his place of business in Waco, reached friends in Cameron Sunday.

Mr. Coffield was born in Rockdale. He was married July 14, 1904 to Miss Ethel Lankford, daughter of the late C. Lankford and Mrs. Lankford who then lived at Cameron, but afterward moved to Atoka, Okla. They made their home in Rockdale for a short time and moved to Waco where he was a traveling salesman for a number of years.

The Turner-Coffield Produce Company opened up for business in 1911, and rapid growth has made it one of the foremost firms of Waco.

Mr. Coffield has been in ill health for some time, but did not think very seriously of it. He had gone to his place of business, and was later found dead sitting at his desk.

The funeral was held Monday afternoon at 3 o'clock at his home, Rev. Mr. Caldwell of the Presbyterian church and Dr. Whitsell of the Episcopal church conducted the funeral services, with interment in Waco.

Snake-skin hosiery will be popular, we are told. Mere man had better take a tip from Adam.

Announcing

CHEVROLET
for Economical Transportation

The Most Beautiful CHEVROLET in Chevrolet History

TRULY the most beautiful Chevrolet in Chevrolet history! Truly an achievement which must immediately change all existing ideas as to what the buyer of a low priced car has a right to expect for his money!

Here is the irresistible appeal of unbroken, flowing body lines—of modish new Duco colors, fashionably striped—of notable smartness—of that flawless silhouette regularly associated with the costliest of custom-built creations.

Here are score after score of advancements in design, literally too numerous to list completely—but typified by one-piece full-crown fenders, bullet-type lamps, coincidental steering and ignition lock and large 17-inch steering wheel.

Here is definite assurance of longer life, more satisfactory operation and even greater economy—for all models are equipped with a new AC oil filter and an improved AC air cleaner!

Such features as these are usually found only on cars costing up into the thousands. They are marks of distinction on the world's finest automobiles. Yet these are now offered on The Most Beautiful Chevrolet because the spectacular growth of Chevrolet popularity has sent Chevrolet production to tremendous volume—*and only the economies of tremendous volume plus inspired engineering make possible the manufacture of so fine a car to sell at Chevrolet prices.*

We urge you to come in for a personal inspection. And we ask you to come, not in the customary casual mood—but actually anticipating the revelation you would expect when the world's largest builder of gearshift automobiles announces a completely new line of cars whose truly great value is based on irresistible beauty

and a host of improvements including:

- *New* AC Air Cleaner
- *New* AC Oil Filter
- *New* Coincidental Lock — Combination Ignition and Steering Lock

More than one thousand cars of dressed turkeys were shipped from Texas for the holidays. The fowls were fed and fattened on the leaf worm of the cotton crop.

ABRAHAM LIVED IN SOLID BRICK HOUSE.

RUINS DISCOVERED AT UR SHOW MEN LIVED IN LUXURY EVEN THEN

Philadelphia, Jan. 3.—Interesting and perhaps important finds in Ur of the Chaldees, the home of Abraham, are reported by the joint expedition in Mesopotamia, of the Museum of the University of Pennsylvania and the British Museum.

A report just received from C. Leonard Woolley, director of the expedition, the first of this season's work in the ruins at Ur, states that from 30 to 40 examples of the many tablets found, it is believed that literary material of the first class has been discovered.

Of the decipherable tablets found, Mr. Woolley says:

"Instead of the business documents, receipts and contracts, which are commonly found on the site, these are all of a literary or scientific character. Some are mathematical, and give lists of square and cube roots of all the numbers up to 60, some are hymns; some record the pious foundations of early inds, important for the history and topography of the city.

"On one there seems to be mention of an unknown king of Ur, possibly one of the rulers of the second dynasty, of which we know no more than that it existed."

Before Abraham

Hundreds of tablets are being packed in sand, preparatory to baking in a furnace, cleaning and mending to render them eligible.

"Of more immediate interest," says Mr. Woolley, "are the houses in which the tablets were found. These date just before the time when Abraham was living at Ur. They were first put up about 2100 B. C., and were inhabited with various minor rebuildings and repairs, for some 200 years. What strikes one at once is the high degree of comfort and even luxury to which the ruins bear witness. Two-storied buildings solidly constructed in burnt brick, some of the walls today stand 15 to 20 feet high. They were almost exactly like the best houses of modern Bagdad.

Luxury Long Ago

"There was a central court with a wooden gallery running around it, onto which the upper rooms opened. The family lived above, on the ground floor were the reception room and the domestic offices, kitchens and servant's quarters. The rooms were lofty. In one case the brick staircase is preserved up to 10 feet and was originally carried up higher in wood, so that the ground floor rooms must have been 12 or 15 feet high.

"Although all traces of decoration have gone and we have only the bare walls with occasionally a little mud plastering and whitewash, yet we can scarcely be wrong in supposing that the finishings matched the excellence of the construction.

"It is the first time that private houses of the period have been discovered, and the discovery changes altogether our ideas of how men lived then."

CARD OF THANKS

We wish to express our sincere thanks to the many friends who showed us such thoughtfulness and kindness during our recent bereavement.

Mr. and Mrs. J. A. Barrett.

Daniel Defoe, author of Robinson Crusoe, possessed the modern journalistic sense. When the notorious Jack Sheppard was condemned he visited him at Newgate, wrote his life, and had the highwayman, standing beneath his gallows, send for a copy and deliver it as his 'last speech and dying confession.'

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed-up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

SIGNING PETITIONS

(From the Marshall News.)

From reading the reasons given by the Governor for issuing so many pardons it appears that people all over the State are signing petitions in great prodigality. Judges, juries, prominent citizens, bankers, lawyers, preachers, people in all walks of life are signing their names asking that men be turned out of the penitentiary who have been sent there after having had all the benefits of loop-holes, technicalities, in many cases false swearing and trickery and unscrupulous lawyers, appeals to higher courts have concocted to shield the criminal.

We do not mean that there are not occasional instances where pardons should be granted, but to say that 3000 juries of Texas have erred in assessing too severe punishment is too silly to seriously consider. These 3000 juries represent 36,000 men sworn to do their duty, and with the crime wave lashing the country as never before, there should be a powerful good reason for a citizen to sign a petition to nullify those 3000 verdicts.

We remember a few years ago an officer in the discharge of duty was killed in this country, shot down like a dog by a highway robber. The murderer was sent to the penitentiary for a term of years and before the dead man's family had discontinued wearing mourning, there were petitions circulated here in this town by most excellent people asking that this red-handed murderer receive a pardon. And it was signed by hundreds of well-meaning people. Fortunately the governor at that time believed the law abiding citizen had more claim for protection than a murderer did for mercy.

MOODY OUT OF JOB FROM JAN. 6 TO 18

Austin, Texas, Jan. 3.—When Dan Moody returns to Austin from Washington Friday or Saturday he will be out of a job, but it will only be temporary as on January 18 he will be inaugurated Governor of Texas. On Thursday Judge Claude Pollard of Houston will take the oath of office as Attorney General, and Moody will not be here to see his successor sworn in.

Moody is in Washington on business in connection with the New Mexico-Texas boundary suit and this will be his last official service for Texas as Attorney General.

During a terrific gale, several 3-inch tracer shells from the French battleship, Patrie, dropped on a roof of a hospital. They fell through to the cellar but no one was injured.

A Permanent Wave

In our shop we will make you attractive for months. We have adopted the new, improved methods and can assure our patrons of complete satisfaction.

$175 FOR PUPILS IN SCHOOL

$350 IN TREES FOR SCHOOLS

Subject: "Need and Value of Planting Trees."

Our catalogue will be helpful and will be sent on request of parent or guardian.

We have offered the prizes in this contest with the hope of encouraging the planting of trees in Texas—trees for fruit, shade and beauty, and the pleasure of giving prizes to boys and girls, as well as schools.

A hearty response on the part of teachers, school authorities, parents, and pupils will be appreciated, and we are sure will be of real benefit to the State.

Respectfully,

The Austin Nursery

SPEEDING BUSINESS

Horseshoe manufacturers report business is booming. Twice as many horseshoes are being made as a few years ago, although the number of horses has decreased. No, it isn't due to the horseshoe-pitching craze. Discarded horseshoes are usually used by devotees of barnyard golf.

Concrete roads are responsible for the increased demand for the steel hoofs. For formerly a horse wore a pair of shoes one month or more. Now they rarely last more than ten days, manufacturers say. Hard roads cause auto tires to wear out more rapidly, all the wear being on one point of the tread. Tire manufacturers constantly strive to strengthen the point of contact.

The good road is a great speeded of traffic and business.

JOYS OF LIVING

Who has not wished that he had lived in some remote and happy time? The magnificence of Rome, the glory of Greece, the golden chariots, the alabaster vases and the ivory chairs of Tutankhamen fascinate and enthrall. Looking about upon a sick and weary world, nerve-shattered and hungry, it is not difficult to imagine how pleasant life must have been in an easier golde nday.

Yet, if we had been living in the days of the pampered Pharoahs, the vast majority of us would have been digging the irrigation ditches, sweating over the great stones that went into the pyramids, or—if we had been particularly clever—perhaps hammering the gold that went into the ubiquitous statutes of the king. The comforts of life were only at the top in 1500 B. C. and even the hope for improvement had not percolated to the bottom. There may be some consolation for the dissatisfied man of today in this thought—that his lot would have been infinitely worse 3,000 or more years ago.

It's easier to live today than ever before. Nearly all the woes from which the world suffers might have been prevented. But when an ancient civilization was overrun by a savage horde, or when a plague or famine decimated the population of the fairest cities, the wisest of those peoples couldn't help themselves.

Migratory tribes have since been pretty well billeted and ticketed, railroads and steamships have conquered famine, and intelligent sanitation and magnificently brave and curious medicine is less respectful of disease with each passing year.

VIGOROUS DAYS

These are days to step briskly with a swinging stride, to raise the chest hold back the head and breathe deeply. These are the days when the cold, crushing winds blow from the north as though to test the manhood that is so powerful under a warm sun. These are days indeed to stir to its utmost. days of activity.

A brief interruption of cold weather and heavy rain spoiled snow slides, but many of these have been repaired by applications of water. Sledding on ice is not to be cheated of pleasure. Full grown America also can be heard shouting with delight as a small sled sweeps down a steep incline.

Few sports are more delightful for spectators than skating, and none apparently is enjoyed more by participants. Arm in arm, racers practicing, ckey players and skilful acrobats n attention in turn. Glowing nd bright eyes, gracefully es pass in review, charming even as were the r runners hundreds

vigorous days, more delightful for those who love them because they are so rare. For the same reason they should not be displeasing to those who dread them.

It's a trifle early to put up the window screens.

Many persons are able to beat opportunity knocking.

Money may get a man into trouble, but it is usually more helpful in getting him out.

A girl may be proud of her ability as a cook, but she does not want to be admired for that alone.

Romantic youths will welcome the invention that enables heart beats to be sent by radio.

The millennium will have been reached when a law is required to compel men to stop working at quitting time.

One of the great tragedies is the callous indifference of automobile owners to the fate of ripe old cars that have served them well.

There probably never will be a time when the older generation isn't worrying about what is to become of the younger.

Reindeer hair, shed in spring by the animals, is gathered and sold by the Eskimos for stuffing for life preservers.

As late as 1889 the dried flesh of the viper was described as a drug in the authorized English medical dictionaries.

So valuable was the Mexican cacao bean up to fifty years ago that the entire population of Mexico used it as money. One bean passed for a cent.

Rub Rheumatic Pain, Soreness, Stiffness

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

What's Rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. 'St. Jacobs Oil" is a harmless rheumatism and sciatica liniment, which never disappoints and cannot burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be free from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacobs Oil" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

Federal Commissioner

Rear Admiral H. O. Stickney, retired, who has been appointed by Secretaries Hoover and Kellogg as Federal Commissioner to the Sesqui-Centennial International Exposition commemorating the 150th anniversary of American Independence and which will be held in Philadelphia from June 1 to December 1. Admiral Stickney will be in full charge of the United States Government exhibit, which will be the largest of its type ever made.

Envelopes were first used in France during the reign of Louis XIV.

Fiancees are required by law to return the ring when they break the engagement, under a ruling of the Virginia Court of Appeals.

A stomach camera, that will take seven small photographs of the interior of the stomach, has been invented by a European surgeon.

The origin of the anathema attached to the number, thirteen, has been traced to Scandinavian mythology, wherein there were twelve demigods until Loki, the sinister, intruded himself, making the unlucky thirteen.

A plane capable of carrying a ton of lobsters will carry such a cargo of crustaceans three times a day from the headwaters of the Gulf of California to Los Angeles and San Diego.

Jeter Lumber Co.

Cameron, Texas

Local and Personal

Kenneth Keith and Geo. Cole of Houston spent a few hours in Cameron Sunday with Kenneth's parents, on their way back to Houston from La Grange where they had on Saturday installed a large commercial Frigidaire.

Keith Electric Company installed a commercial Frigidaire in the meat market and grocery store of W. C. Smith on West 11th St., this week.

John Williams and family spent Christmas with his father, south of Rockdale.

Fred Childess is visiting Kenneth Keith in Houston this week.

J. R. Slovacek of Buckholts was in Cameron Tuesday.

Miss Nannie Maud Ford of Rockdale spent Sunday with her aunt, Miss Mollie Allen.

J. S. Barmore of Maysfield was transacting business in Cameron Monday.

Will Robinson has returned to his home in Waco after a pleasant visit with his son, Ray Robinson.

Miss Mollie Allen spent last week visiting Mrs. Sallie Hildreth in Maysfield.

Mr. and Mrs. J. M. Williamson of Merkel arrived Saturday for a visit with Mr. and Mrs. L. L. Blaylock and other relatives. Mr. Williamson went home Monday and Mrs. Williamson will remain for a longer visit.

Carl Black of Jones Prairie was in Cameron Tuesday.

Mr. and Mrs. J. M. Williamson and Mrs. Susie Slone motored to Buckholts Sunday afternoon for a visit with Mr. and Mrs. Seth Corley.

Mrs. Fannie Norman of Thorndale spent the week end with Mrs. Laura Williamson.

Mr. and Mrs. J. L. Kemp, Mrs. Jack Guynes and Miss Lucille Kemp of Calvert were the guests of Mr. and Mrs. L. L. Blaylock Sunday.

For Sale—1926 Dodge Coupe. Practically new. For further information call at Herald Office. tf

For Rent—5 room house. All conveniences. Mrs. E. W. Phillips. 1tc

Misses Helen Blaylock, Inez Evans and Florence Atkinson were week end guests of Miss Eulala Aycock in Rosebud.

Mr. and Mrs. H. R. Ross of Calvert were recent guests of Mrs. Lula Davis.

Miss Eva Davis is visiting friends and relatives in Calvert and Franklin this week.

Miss Maggie Lou Aycock returned to Corpus Christi Tuesday.

Misses Louise Adams and Velda Walker returned to Edinburg Saturday to assume their duties as teacher in the Edinburg schools.

Mrs. E. N. Shaw, Misses Dora and Sue Shaw returned to Karnes City Saturday.

Kenneth Keith, son of Mr. and Mrs. H. C. Keith will leave for the factory in Dayton, Ohio, February 1st. This has been Kenneth's third time to the Delco and Frigidaire school to study the installation and mechanical features of Frigidaire. He was recently made head service man for household Frigidaire department and this department has added a Duco paint shop to make it more complete and Kenneth will study this branch of the work while away. When he returns he will have charge of this new department.

Attention Camp McCullough No. 29

Members of Camp Ben McCullough No. 29 are hereby notified that there will be a meeting of the Camp in District Court Room at Cameron on Saturday, January 8, 1927 for the purpose of transacting business and electing officers for 1927.

D. A. McLane, Commander.

GRAND JURY IN SESSION

The District Court met Monday January 3rd and impanelled the following Grand Jury: Foreman, S. R. Cochran, J. B. Gore, T. A. Ford, B. M. Jennings, Ernest Vogelsang, August Knipp, Bob Sloan, J. C. Anderson, Jim Gilchrist, H. L. Yeager and J. E. Drummond.

Mrs. John A. Smith and her son, John A. have returned from a visit to Hillsboro.

Mrs. Bessie Joslin and Mrs. Hitt have returned from a delightful visit with Mr. and Mrs. Paul Silber in San Antonio.

W. H. White of San Antonio, brother of J. B. White, was in Cameron to visit for the holidays.

Miss Anna Mae Huebner, Miss Betty Mae Dobish, Herman Boedeker, Henry Boedecker and Miss Emma Glaser of Buckholts motored to Waco Sunday where Mr. Henry Boedecker remained to continue his studies.

Mr. and Mrs. W. A. White of Nixon were guests in the home of their son J. B. White for the Christmas holidays.

LOST KEYS

Lost keys on ring. Tagged L. R. Walden. Leave at this office or Walden's Business College. 1tc

Charles Robert Darwin, W. E Gladstone, Alfred Tennyson and Abraham Lincoln were born in the same year, 1809.

Pompeii built sidewalks of asphalt and was the first to raise the center of her asphalt streets to drain off the water.

The English language is spoken by more than 180,000,000 people, while German is second with 120,000,000.

The Bible is the only book which is never off the press.

Pies, pastries and frankfurters have been banned from New York school lunches in an effort to encourage more balanced meals.

Historians state that 5,500 years ago there were civil service examinations, public libraries and rural mail delivery in Egypt.

DR. L. R. SCARBROUGH TO TO PREACH HERE SUNDAY NIGHT

The many friends of the former pastor, Dr. L. R. Scarbrough will be glad to know that he is to preach at the First Baptist church next Sunday night, January 9th. This was Dr. Scarbrough's first pastorate. He was pastor here some twenty-five years ago. He filled ably this responsible place and was here for about four years and a half when his brethren sought him to come to a larger task and heavier responsibilities. He went from here to the First church at Abilene, and served there in a winning way for several years, and from that place he was called to a still more responsible place of filling or rather establishing the Chair of Evangelism in the Southwestern Theological Seminary. Dr .Scarbrough filled well that place for a few years and when the President, Dr. B. H. Carroll, died it was the wish of Dr. Carroll and met with a unanimous consent with the Board of Trustees of the Seminary that Dr. Scarbrough should be elected as President of the Seminary.

He has filled that place ably, and that Institution has made a growth not equaled by any other Institution of its kind in America under his administration. Dr. Scarbrough has been constantly called upon to bear heavy burdens for the Denomination, and has left his office and has many pressing responsibilities as the executive of the Seminary and given his time freely to the needy causes of our Denominational and Co-operative Program.

Not only will the Baptist of Cameron be glad and happy to greet Dr. Scarbrough on next Sunday night but many of the citizens who remember him while he was a youth as pastor of this church will be happy to meet him while he is here, and many have already announced their intentions of hearing him on that Sunday night.

We extend a cordial welcome to all who will come and hear Dr. Scarbrough at the First Baptist church, Cameron, Sunday night, January 9th at 7:30.—The Messenger.

A green-colored eating apple grown on a ranch in Washington measured 15 1-2 inches in diameter.

Stop That Cold

Before another day

A cold may be stopped in 24 hours, the fever checked, the bowels opened, the entire system toned. The way is HILL'S—a way so efficient that we paid $1,000,000 for it. Don't rely on lesser help, and don't delay. Get the quick, complete results that HILL'S is bringing millions.

HILL'S Cascara-Bromide-Quinine

Be sure you get HILL'S, in the red box with portrait. At all druggists—30c.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

When Austen Chamberlain was installed as Lord Rector of Glasgow University, 2,000 of the students wore monocles in his honor.

An oil well at Olinda, California, is now the deepest well in the world. It penetrates the earth to a depth of 8,046 feet.

The city of Venice stands on 117 small islands, among which, winding through the city, are 150 canals, spanned here and there by 380 bridges.

Automobile thefts in the United States during 1925 amounted to $300,000,000. One-fifth of the stolen cars were never recovered.

The girls of Constantinople and Angora are bobbing and shingling their hair faster than those of New York or London.

SERVICE! SERVICE!

What do the above words mean to you? That is what you get when you call the Ham House." The Ham House" was built on Service. It has grown with that object in view. To serve the people of this trade territory with the best merchandise money can buy at reasonable prices.

Swifts Premium Hams at, lb.	32c	12 cans Cremo Corn, for	$2.00

PASTORS COMMEND WORK OF SHIMEALL

CHRISTIAN MINISTER LEAVES FIELD HERE WITH GOOD WISHES

Whereas the Rev. Harold F. Shimeall has seen fit to resign his work in Cameron, and move to another field; we, the members of the Cameron Pastor's Association, desire to express our deep regret in losing Mr. Shimeall from our city, and also from this association. Mr. Shimeall has conducted himself as a true Christian gentleman while in our midst; and, while he was not long in Cameron he was rapidly making a place for himself in the life of the city. We regret, therefore, that so useful a ministry should be interrupted.

Therefore be it resolved:

1. That Mr. Shimeall carries with him the love and respect of this Association. Not only because he was a lovable man, but also because of the solid and enduring work which he was doing in this city.

2. That we heartily commend Mr. Shimeall to Christian people everywhere as "a workman who needs not to be ashamed", and worthy of all confidence and respect.

3. That copies of these resolutions be furnished each of the Cameron papers, and the original copy be mailed to Mr. Shimeall.

Cameron Pastor's Association.

Notice To Subscribers

Look at the date on your paper.

If you are due the paper we ask that you kindly communicate with this office at once and either pay the amount due or make some arrangement.

The management cannot continue to carry overdue subscription accounts and an early remittance will be greatly appreciated.

If your subscription is not paid by January 15 the paper will be discontinued.

The date is stamped on your paper each week opposite your name.

Chevrolet Company Forecasts Large 1927 Business

Co-incident with the introduction of a new line of cars, the Chevrolet Motor Car Company today, announces a substantial price reduction, effective immediately.

On the closed car line, the reductions range from $20 to $50. The new open car price is $525, with balloon tires and disc wheels as standard equipment, whereas the former open car price was $510 without balloon tires and disc wheels.

New and old prices of Chevrolet cars are as follows:

Model	New	Old
Coach	$595	$645
Coupe	$625	$645
Sedan	$695	$735
Landau	$745	$765

Touring or Roadster $525 with balloons and disc wheels. $510 without balloons and $535 with balloons.

A seventh model, the sport cabriolet equipped with a rumble seat and added to the line this year, is listed at $715. The half-ton-truck price is now $395. Last year, without balloon tires and other advances made this year, the one-half-ton model price was $375. The one-ton truck price remains the same at $495. All prices f. o. b. Flint, Michigan. The new truck line incorporates the same improvements that have been embodied in the passenger car line, including the addition of an air cleaner and an oil filter.

200 PURE BRED HOGS DISTRIBUTED TO NAVARRO COUNTY FARMERS AT COST

Corsicana, Jan. 3.—The entire lot of 200 pure-bred Missouri hogs purchased through the efforts of the agricultural committee of the Corsicana Chamber of Commerce and bankers of the city has been disposed of to farmers of Navarro County.

The hogs were all fine breeders and are expected to be of great benefit to the farmers of this county. The bringing of the hogs here and selling them at cost to the farmers was an expense to the Chamber of Commerce of about $200, it was stated by W. Roy Christian, manager of the local chamber.

BELL COUNTY TURKEY WORTH TWO HORSES IN WYOMING AT PRESENT

Belton, Jan. 3.—Saturday afternoon Connie Blaylock brought to this city a turkey gobbler, weight 22 pounds, to be delivered to Alvin Casper. At prices of that day the gobbler's value was $6.60. Taken on the basis of the Wyoming ranchman's trade of a horse for a turkey, noted in yesterday's Telegram. Mr. Blaylock would have been due a horse and $1.60 or nearly as much as the Wyoming turkey cost—$2.65 more than the value of a horse.

Local dealers report that the heavier weight gobbler marketed here this year have run in weight from 31 to 42 pounds. Some would call for a couple of Wyoming horses and boot.

Colored balloons are regularly released by the Seattle Weather Bureau to determine the velocity and direction of the wind at various levels thus aiding air pilots.

JANUARY RADIO PROGRAM

W T A W, Texas A. & M. College, College Station, Texas. Wave Length 270.1 M

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Chas. H. Fletcher on the wrapper all these years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

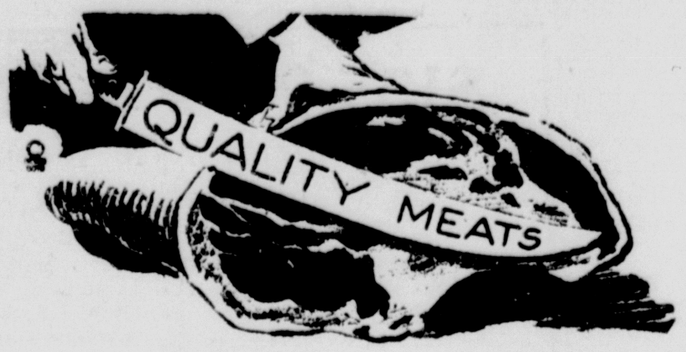
Compulsory School Law Operating In The Schools Here

With the opening of the Cameron Schools last Monday the Compulsory attendance law became effective for the remainder of the school year.

The law requires that children between the ages of eight and fourteen attend school for one hundred consecutive days during each school year, and parents who fail to send their children to school in compliance with the law are liable to fine.

Sheep and cattle herds need the little pasture left in Montana and Oregon and because of this fact thousands of wild horses are to be hunted down and killed by ranchers.

Announcement



This is to announce to the public and to our former friends and patrons that I have purchased the City Market from S. W. Dees and have taken charge of the business and will in the future conduct this market.

The purchase of this business means that you are to get the same service and the usual line of high grade meats. I am going to conduct this business on a strictly cash basis thereby making it possible to give you the best meats at the lowest possible rates. The service of this market was made famous under the ownership of the Worcester's and we assure all that in the future you will find here a market that caters to the needs of the housewife and the meat buyers generally, giving at all times choice meat and delivered to your homes in the way you want it.

We solicit your patronage and to those who are now customers of this market we ask a continuation of your business and to all our friends and former patrons we ask your favors.

THE MAN WHO SAVES YOU MONEY

U. S. STOPS PAYMENTS ROAD FUNDS TO TEXAS

ACTION TAKEN PENDING IMPROVEMENT IN FUNDS OF DEPARTMENT

Austin, Tex., Jan. 4.—Federal aid will not be granted in the future to Texas projects until the finances of the state highway department are improved, P. B. Everrett, federal engineer in charge here, Tuesday told the Associated Press.

The federal bureau of roads has "decided not to grant additional aid until the finances of the state highway department are in better shape," Everrett said. "This action is not intended to embarrass the state, but is merely a business proposition."

Everrett denied a report the federal aid has been withdrawn. "Some ninety projects now under construction will be completed with regular payment from the federal government," he said.

Approximately $5,000,000 in federal aid was expended in Texas during 1926.

Eugene Smith, highway commission chairman, pointed out that the refusal of the federal government to grant aid for "new projects" was merely temporarily.

"Considering the amount of business that has been and is being transacted, the condition of the highway department finances is as healthy as it has ever been," Smith said. "The federal government will continue to pay its share on 90 projects now under way, and within a short time will resume the granting of aid on new projects For within a few weeks with money pouring in from auto registration fees the department will have pleaty of money."

Washington, Jan. 4.—Temporary withdrawal of approval of pending federal aid road projects in Texas has been ordered by Thomas H. McDonald, chief of the bureau of public roads, until a satisfactory financial showing has been made by the state on certain phases of the projects.

Fort Worth, Tex., Jan. 4.—Temporary withdrawal of federal aid in highway construction in Texas amounting to some $5,000,000 annually, is the result of conditions which the highway club of Texas has been seeking to rectify, W. T. Wheeler, general manager, said Tuesday when informed of the action of the federal bureau of roads.

Wheeler announced that the highway club will leave no stone unturned in its efforts to have federal aid restored immediately.

Wheeler characterized the action of the bureau as a terrific blow to highway development in Texas, which will permanently impair the state's welfare unless remedial steps are taken at once.

Cause of the federal action, Wheeler said is the general "unsatisfactory manner" in which Texas highway matters have been handled. This condition, he said, will be remedied if the legislature program advocated by the highway club is adopted at the coming session of the legislature.

Since 1917, $40,606,431 federal aid has been allotted to this state, which is more than twice as much as other states received except New York and Massachusetts.

One of the first requirements of federal participation is that roads which it helps pay for must be properly maintained, Wheeler said. At least 20 per cent of the federal highway mileage in Texas, he added, has not been maintained satisfactorily to Washington authorities.

WALKER'S CREEK CHURCH REPORTS FINE DAY SUNDAY WITH SERVICES

Last Sunday, January 2, was a great day at Walker's Creek church. The crowd made one think about what the old settlers have to say about how the people used to turn out in the same community for church services. Even at the Saturday night services a large crowd was seen.

Then at 3:30 the B. Y. P. U. went to Little River Church and rendered a good program. About ten cars of people made up this crowd. The program was the result of an agreement between the two pastors of the churches to see who had the best B. Y. P. U. Now we are waiting to see what that church is going to do—what they can show us.

At the night services, we were happy to have with us, Rev. Garrett, our new County Missionary and Bro. Pardo, a good man in a great work. We invite them back. Bro. Garrett will preach at Walker's Creek church on the third Sunday of this month at the morning service.

Family Reunion Here Brings Children Of Judge English Home

One of the delightful and interesting social events of the year was the family reunion for the Christmas holidays that brought again to the family hearthstone the children and grandchildren of Judge and Mrs. Ed. F. English.

This interesting family made merry at the old home place this year and in the midst of the family cheer were the venerable judge and his good wife The Christmas dinner was served by the parents to their children and grand children. As the logs blazed in the fireplace many stories found their way into the conversation of the day and hearts were warm as the glow of the fire in the peace and benediction of home.

Those who were here for the reunion, including all the children and grand children of the couple were: Will English of Houston; Willard English and wife of Austin; Jno. C. Newton and wife and their daughter. Mrs. James Bates and the two great grand children, Mary Jane and James E. Bates, Jr., of Houston; James English and wife of Tulsa, Okla; Mrs Lucy E. Hopkins, Oklahoma City, Oklahoma.

Miss Lillie Neher, sister of Mrs. English was present for the enjoyable occasion.

The great dining table was filled with Christmas foods, the feature of the course being a 21 pound turkey and 6 chickens. This was the first time in 20 years that all the children have been under the family roof for Christmas time.

Mrs. Hopkins remained in Cameron until January 5 to visit with her parents.

JUDGE KEMP RECEIVES GIFT FROM CONFEDERATE

Judge Jeff T. Kemp has received from John M. Smith of Rockdale a beautiful hunting horn made from a cow horn by John M. Smith of Rockdale, a confederate veteran. This gift is one of three received by Judge Kemp from Mr. Smith. Some time ago he made and gave to the Judge a fine combination hunting knife and a pipe.

Judge does not use the tobacco but appreciates the gift. He is an enthusiastic hunter and the knife and horn have been of great service to him.

John M. Smith was a former Texas Ranger, having served in that distinguished organization before the Civil War and is one among the few surviving veterans of the lost cause. He is 84 years of age.

In 1866 each passenger in the steerage of transatlantic steamers had an allowance of three pints of fresh water each day. Now third-class passengers never use less than fifteen gallons a day, and first class passengers as high as fifty.

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Why Don't You Learn Shorthand?

DR. FRANK CRANE IN THE NEW YORK GLOBE

Stenographers, Bookkeepers, Salesmen and Show Card Writers have best chance to climb to the jobs higher up.

Thousands of leaders with salaries ranging from $100,000 and $50,000 and $10,000 per year began as stenographers, Bookkeepers and Salesmen.

Every human being ought to have some sort of craft by which, in a pinch, he can earn a living. He ought to be able to do some kind of work for which the world is willing to pay money.

Also She.

For no matter what a girl's circumstances she should master some trade or occupation whereby she can support herself in independence.

To know shorthand is better than having your rich uncle leave you ten thousand dollars. You might lose the money, and you probably would spend it, or some one would get it away from you, but a knowledge of shorthand is a treasure that "moth nor rust doth not corrupt nor thieves break through and steal."

If you are a clerk or salesman or bookkeeper, learn shorthand. You can find idle time enough.

If you are a young lady at home, learn shorthand. You never know what will happen.

If you are a wife, learn shorthand. It is better than life insurance. If your husband dies it may assist you in self-support.

Walden's Cameron Business College

Opens Monday **January 10th**

Over Blue Bonnet Cafe. Day class opens 9 A. M. Night Class 7:30 P. M. A special shorthand class for young ladies, clubs and others will be conducted from about 6:30 p. m. to 7:30 p. m.

OPENS MONDAY JANUARY 10—OVER BLUE BONNET CAFE

TEXAS MAN HUNTER DIES CORPUS CHRISTI

E. M. TOM OF CORPUS CHRISTI LIVED PICTURESQUE LIFE

Corpus Christi, Tex., Jan. 4.—In the death of E. M. Tom here last Friday, one of the most picturesque figures in the southwest's colorful pageant of law enforcement passed the "farthest frontier," to reappear no more as the unpaid enemies of the Texas outlaw.

The most famous of "Cap'n" Tom's volunteer man hunts probably is that in which Gregoria Cortez was captured. Brack Morris sheriff of Karnes County, was killed when he went to Cortez' home to arrest him. A posse caught up with Cortez and in the pitched battle which followed, Sheriff Glover of Gonzales County and three other members were killed, Cortez continuing his flight.

Capt'n Tom was called upon. He picked up the trail in Atascosa county following it for weeks with a dwindling posse. One by one his men dropped out until only he and Captain W. L. Wright, then of the Texas Rangers were left. For nearly 500 miles they followed the dimmest of trails. The trailer wore out ten horses before Cortez was tracked to a point near Laredo where Captain Rogers stationed at the border city captured him.

Then there was the case of Maximo Gomez, who murdered his sweetheart her father and her mother in Wilson county, and whom Capt'n Tom tracked to a point near Sandiego, Duval County. It was Gomez who stabbed the sheriff with a dirk made from an old spoon as he was being led to the gallows.

To those two exploits could be added the histories of many more, for volumes would not contain them all. Yet for none did he ever accept a cent. He could not, however, prevent admiring fellow citizens from loading him with gifts in the form of gold watches a silver-mounted saddle, a silver and pearl revolver, among other mementos

BELMENA NEWS

Mr. and Mrs. Sam Bailey and family of Fort Worth visited their parents, Mr. and Mrs. J. T. Maples of Belmena and Mr. and Mrs. John Bailey of Jones Prairie during the holidays.

Mrs. Lillie Ward of Brownwood visited their cousin, Mrs. Maples and Messrs. Bob and Edd Todd during the holidays.

Mrs. J. E. Bell and daughters, Clara and Josephine spent Tuesday afternoon with Mrs. R. C. Sharpe.

Mr. B. Marks of Rogers was down yesterday buying pigs.

Miss Irene Gilliland of Houston visited her sister, Mrs. Joe Marak.

Miss Alice Brashear from Marcar spent the holidays with home folks.

Miss Eulalia Sheffield was home from Lometa where she is teaching.

Miss Mary Lovonia Maples has returned to Baylor after spending the holidays with home folks.

Last Wednesday Mr. and Mrs. J. T. Timmons and daughters, Fannie, Mrs. Longmire, Mrs. Maples and her daughter, Mary Louvonia attended the funeral of their aunt, Mrs. Timmons at Hearne.

NEGRO PREACHERS ORGANIZE

The negro pastors and preachers of Cameron met Monday morning at Bethel A. M. E. church, at ten o'clock and organized an Inter-Denominational Ministers Union.

Rev. G. T. Burley, pastor of Light's Chapel Baptist church, city was elected president; Rev. F. D. Holloway pastor of Bethel A. M. E. church, Vice-president. Rev. C. H. McKeen pastor of Mt. Zion (Batte'sville) Baptist church. secretary; Rev. W. Davis, treasurer and Rev. J. W. Williams, secretary.

Rev. J. S. Walker of Center, Texas who is conducting the revival at Bethel was present, also Rev. H. C. Hester, both made encouraging remarks.

Rev. Walker was elected to preach the installation sermon March 6.

The council went on record condemning all modern vice and immorality, disrespect for law and order, the desecration of the Sabbath, houses of disorder and gambling among our group.

It further pledged to co-operate by preaching against these and to hold up the Christ living and to co-operate with those in authority to convert or remove from our city all undesirables whose lives does not justify according to the laws of our state and the city ordinances.

It further endorsed a resolution petitioning the city for lights on the dark corners of the colored districts

F. D. Holloway, Reporter.

KELLY-PHILLIPS NURSERY OFFERS BIG LINE OF TREES AND SHRUBBERY

The Kelley and Phillips Nursery at Cameron will soon begin to hake shipment of trees and shrubs from their nursery at Cameron.

The firm announces that it is ready for immediate delivery a large assortment of fruit trees, shade trees, roses, evergreens and shrubs. This industry came to Cameron in 1925 and has been unusually successful. The people here should patronize this concern and make of it a large industry.

HENRY HURST

Henry Hurst, 82, died at the family residence here Monday, January 3 at 7 a. m. following a long illness.

Mr. Hurst came to America from Germany when he was twenty-one years of age, and was always loyal to this country, having bought to the limit on Liberty Bonds during the war. He was a consistent member of the Methodist church, and a noble Christian man.

Funeral services were held at the Methodist church at 10 o'clock Tuesday, with interment in Oak Hill Cemetery. Rev. L. J. Power conducted the services.

Thedeceased is survived by his wife.

Pall bearers were A. N. Green, M. G. Cox, O. M. Smith, Albert Triggs, R. H. McIntosh and M. Janeway.

MRS. M. J. MOSELEY

Mrs. Mahaley Jane Moseley, 71, died at the residence of her son, I M. Moseley at Milano, Sunday January 2 at 8 p. m.

Funeral services were conducted at the residence Sunday afternoon by the Baptist pastor, with interment in the Rockdale Cemetery.

C. N. Green Bros. Undertakers had charge of the funeral arrangements.

A low moral aim oft will hit the dollar mark.

COUNTY MISSIONARY VISITS 3 CHURCHES SUNDAY

The Baptist Missionary, J. H. Garrett, preached for Bro. W. A. Cockrell at the Port Sullivan church last Sunday morning, and visited the Walker's Creek church Sunday night. He heard a good sermon by Bro. Odell Jamison, the live-wire pastor of this fine church.

In the afternoon he assisted in the ordination of Bro. C. C. Hill, the new pastor of the Post Oak church. Those associated with him in the ordination service were: E. S. Hutcherson and M. L. Pardo of Cameron; W. A. Cockrell of Port Sullivan; V. Lemmons, E. B. Yeager and Archie McLaren of Little River and A. J. Wilkinson, M. H. Yates and Harve Weathers of Post Oak.

FORMER RESIDENT HERE VISITS IN CAMERON

E. M. Belk of Dallas, former manager here for the Southwestern Bell Telephone Company, was a visitor in Cameron this week and while here was a caller at the Herald office ordering the paper sent to his address in Dallas.

Mr. Belk has many friends in Cameron who always delight in his visits here. He is now with the city of Dallas in the engineering department of the government. Mrs. Belk was the daughter of the late T. W. Aycock of Cameron.

Mr. and Mrs. Belk will soon return to their home in Dallas. It was at the home of Mr. Belk that Mr. Aycock died at Christmas time.

N. W. HASTINGS

Mr. N. W. Hastings died at his home at Buckholts at 8 p. m. on January 3, 1927. He had been in ill health for several months and seriously ill for three days.

Mr. Hastings was born in Wisconsin, February 18, 1853, his parents having moved there from Norway. Since 1920 he has resided at Buckholts where he came from Meridian, Bosque County.

Mr. Hastings is survived by his wife and five children: Mrs. B. Johnson of Meridian, Andrew of Wichita Falls, Newman, Cranfills Gap; Robert, Crawford and Walter of Buckholts.

Coleman-Eplen Undertakers had charge of the body here, and interment was at Meridian, January 4th.

E. J. COPES

Mr. E. J. Copes, 69, died at his home here Saturday afternoon at 2:35 o'clock. For several months Mr Copes had been in declining health.

Short services were held at the residence Sunday at 2 o'clock conducted by Rev. L. J. Power, after which the body was shipped over the Santa Fe to Fort Scott, Kansas.

Mr. and Mrs. Copes have been in charge of the Hearne Hotel here for some time. He is survived by his wife and one son.

The Herald extends sympathy to the bereaved ones.

MRS. DUNCAN McCALL

Mrs. Duncan McCall, 52, died suddenly at her home at Yarrelton Saturday, January 1, 1927 at 6:30 p. m.

Funeral services were held at the North Elm Church Monday afternoon at 2 o'clock, conducted by Rev. Raley of Fort Worth. Funeral arrangements were in charge of Green Bros. Undertakers. One of the largest crowds ever assembled in the community gathered on Monday afternoon to pay their last tribute and to offer their sympathy to the family in the hour of great loss.

Mr. McCall is survived by her husband, one daughter, one son, several step children, one brother, one sister and her mother.

Because a prosperous haberdasher and in 1651 sold his shop, distributed at Chesham prayed behind the counter, the money among the poor, he was known as the 'Mad Hatter.' Hence the phrase, 'Mad as a hatter.'

The criticism so far voiced of the new radio picture sending device concerns a tendency to give the subject's face a marcel wave.

A Yale professor in civics advocates paying statesmen "what they are worth," which wouldn't be so hard if all of them had private incomes.

Persons seeking to lengthen the span of life should get up a correspondence course of instruction in quicker leaping when crossing the street.

BETTER HOMES DRIVE LAUNCHED IN AMERICA

FIFTEEN HUNDRED COMMUNITIES PREPARE FOR WEEK OF APRIL 24th

The Better Homes Campaign, launched a few weeks ago by Secretary Hoover, is fast gaining ground and already more than fifteen hundred communities have started their programs which will culminate in the observance of Better Homes Week, April 24 to May 1, 1927.

This is the sixth nation-wide campaign sponsored by Better Homes in America, the educational organization of which Mr. Hoover is president President Coolidge heads the Advisory Committee, which is composed of heads of government departments and national organizations interested in improved housing conditions and in home and community life. Dr. James Ford, of Harvard University, is in active charge of the work of the organization, as executive director.

The purpose of the Better Homes movement is to encourage and stimulate home improvement. Headquarters activities are made possible thru public and private gifts and the program is carried out in local communities by volunteer committees of citizens whose chairmen are appointed by National Headquarters.

More than 3,000 communities ranging in size from the smallest village or rural section to the largest metropolis, conducted programs last year These consisted of lectures, contests, and demonstrations and were designed to reach families of limited income In many communities houses were built and furnished and budgets prepared to show how such homes could be purchased and maintained by the average family of the community Home improvement was brought about in many of the communities through kitchen contests, garden contests, and other forms of competition. Permanent home information centers, where home-makers of the community receive daily training have been built in many places,—as for example—Minneapolis, Minn., Washington, D. C., Waltham, Mass., and Philadelphia Pa.

Through this organization homemaking practice houses are being built in connection with schools and colleges throughout the country. In these houses girls in home economics classes are receiving practical experience in home-making and home management.

Programs for the work are being sent from headquarters of Better Homes in America to Chambers of Commerce, Parent-Teachers Associations, Women's Clubs, and Civic organizations by whom the movement is sponsored locally.

Better Homes in America acts also as a clearing house for sources of information on all phases of home building and home life.

Chevrolet Prices Drop But Models Are Improved

By Roy C. Hayes

Increasing good business for the first half of 1927, is forecast by R. H. Grant, general sales manager of the Chevrolet Motor Company, who declared today that there is every reason to believe that the country will continue to enjoy the even prosperity that has attended general business in the last twelve months.

"There is no evidence on the industrial horizon that would indicate anything but a promising outlook for the early months of the new year," Mr. Grant declared. "Labor continues to be well employed, the national per capita wealth is the greatest on record, the agricultural outlook is improving and banks are acknowledging more cash than ever.

The motor industry is preparing for an unusually active year. The recognized advantages of automobile ownership and the fact that to-day's motor car offers the greatest dollar value in the history of the industry, are giving a constant impetus to sales As a result, production this year should compare favorably with the output of 1926.

"Replacements of old cars in the United States will require approximately 2,000,000 units in 1927. Export markets bid fair to take close to one million cars and trucks of American manufacture. New owners coming into the market in this country during the next twelve months, will require a million cars or more. In addition, there is a rapidly growing tendency toward the ownership of two or more cars in the same family.

"Reports from the Chevrolet dealer and field organizations, from all quarters of the United States, reflect the optimism, which we at home, hold for the early new year. Acting on the belief that the year will be a highly profitable one for American business the Chevrolet Motor Company is planning a further increase over the record production of 1926, which exceeded the company's best previous performance by more than 40 per cent

"Extended plans, which the organization has arranged for the year, are based not on enthusiasm alone but on the well founded conviction that the new Chevrolet car will make a very strong appeal to the public and that conditions will remain stabilized and show a steady upward movement in the first six months of 1927."

Make This Your Great Year

—1926 has gone. 1927 is here with 365 days, each freighted with marvelous opportunities You have your chance now to pick your share as the procession passes—but opportunities will mean nothing unless you are able to recognize them and be ready to grasp them.

PASTOR'S ASSOCIATION ELECTS OFFICERS

At the last regular meeting of the Cameron Pastor's Association, in December, the officers for the new year were elected. Those elected were as follows. Pres, J. P. Love; Vice-President, E. S. Hutcherson; Sec'ty, J. H. Garrett. It was decided at this meeting that during the months of January, February and March 1927 the Association would hold its regular meetings in the Pastor's Study of the First Baptist church. Thus beginning the process of rotating the meeting place among several churches.

The Secretary was instructed to invite all ministers and full time religious workers both in Cameron and adjacent to Cameron to become members of the Association. This notice is hereby such invitation, which is extended to all to whom it may apply to meet with the Association at its next regular session. The association meets each Tuesday at 11:00 A. M., and for the next three months the meetings will be held at the First Baptist church, Cameron.

Those who hold membership in the Association at present are J. P. Love, E. S. Hutcherson, H. G. Kenney, L. J. Power, Rev. Merkel, A. L. Craven and J. H. Garrett.

A man may have many friends, but he will have none so steadfast, so constant, so ready to respond to his wants, so capable of pushing him ahead as a little book with the name of this bank on it's cover and regular entries on its pages.

SOCIETY NEWS

MONDAY NIGHT BRIDGE CLUB

Miss Jennie Tyson very delightfully entertained the bridge club on last Monday evening at the home of her parents, Mr. and Mrs. R. R. Tyson.

Four tables were arranged for club members and guests.

In conclusion Miss Martha Lou Hooks won high score and was presented a dainty vanity. Miss Lois Burnett received consolation, bridge pads.

The hostess served a delectable salad course with hot tea.

Club guests were Misses Louise Denson, Martha Lou Hooks, Bill Fontaine, Mary Frances Green, Mary and Lois Burnett, Eloise Rogers, Dallie Young, Mesdames Florence Denzon, Vernon Roberts and Edwin Bigbee.

Mr. and Mrs. O. B. Horstmann are rejoicing over the arrival of a fine boy, December 24, 1926, who tipped the scales at 8 1-4 pounds. He has been named Lane Elroy.

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary met in circles on Monday afternoon for a study in the Home Mission Book, "An Open Door in Brazil."

Circle one met with Mrs. Katharyn Robbins with seven present. The hostess served fruit salad, hot tea and fruit cake.

Circle two met with Mrs. Graham Gillis with four present. A salad plate with hot tea was served.

Circle three met with Mrs. Jewell Barmore with four present.

The Auxiliary will meet in circles next Monday afternoon.

BAPTIST W. M. U.

The W. M. U. held their regular session at the church on Monday afternoon. Reports from the different committees were read. About fifteen ladies pledged to attend the District Rally in Waco Friday.

Next Monday afternoon the circles will meet in the following homes:

Circle one with Mrs. Ab Casey.
Circle two with Mrs. McCloud.
Circle three with Mrs. Grabain.
Circle four with Mrs. J. D. Dobbins.

LOYAL WOMAN'S COUNCIL

The Loyal Woman's Council met at the church on Monday with ten ladies present. An interesting business meeting was held.

The Council will meet at the church next Monday afternoon at 3 o'cloc.

MISS MARGARET SMITH

Miss Margaret Smith died at the home of her nephew, R. K. Phillips in Weatherford Tuesday, January 4 at 2 o'clock. She had been confined to her bed since she fell and fractured her hip seven wees ago.k Mrs. C. R. Phillips of this city had been with her and helped to nurse her since she was injured.

Miss Smith was well nown in Cameron, where she had visited often. She was an aunt of C. R. Phillips, Mrs. Eugene Wallace and Mrs. John Vest She was a sister of C. R. and J. L. Smith, pioneer residents of this county and both of whom are now deceased. Miss Smith had lived in Cameron some three years in the early eighties when her brothers were living here but rturned to Alabama and made her home there until about 25 years ago when she came back to Texas and had made her home in Weatherford most of the time since then. She was 85 years of age but was in good health and active up till the time she received the injury which caused her death. She had lived a consistent Christian life and had been a member of the Baptist church for 70 years.

Funeral services and burial were at Weatherford, Wednesday morning both Mr. and Mrs. C. R. Phillips being present.

NEW YEAR'S DINNER

On last Saturday Mr. and Mrs. Will Vaughn invited relatives and a few friends to their home to enjoy a chicken dinner with all the accessories.

Those who had places at the table were: Mr. and Mrs. Walter Harris of Salem, Henry Hill, Mrs. L. D. Hill, L L. Blaylock, James Otts, Mr. and Mrs Will Vaughn and family.

On this occasion Mr. Vaughn presented to Mr. Blaylock a belt and scabbard given by his 1926 deputies throughout the County.

Sunday, 10:30 a. m. German service. Saturday and Sunday school as usual. Everybody welcome.

W. Flierl, Pastor.

FIRST METHODIST CHURCH

Services every Sunday as follows:
Sunday School, 9:45 a. m.
Preaching, 11:00 a. m. and 7:00 p. m.
Senior and Intermediate Leagues meet at 6 p. m.

Fine music, warm welcome, good fellowship.

Public invited to attend.

L. J. Power, Pastor.

LUTHERAN CHURCH

There will be a Lutheran service at 2:30 p. m. at the Episcopal church this coming Sunday, January 9 The service this time will be in the German language. In the absence of the regular missionary the service will be conducted by the Field Secretary of the Lutheran Church Rev W. H. Bewie of Waco, Texas.

ZAWADZSKA-BURKE

The marriage of Miss Etoile Burke to Mr. Steve Zawadzska occurred Tuesday, December 21, 1926.

The bride is the daughter of Mr. and Mrs. H. C. Burke of Ad Hall. She has visited in Cameron on numerous occasions and has many friends here.

The groom resides near Buckholts. Both have many friends who wish for them a life of happiness and prosperity.

Immediately after the ceremony they left for Waco where they spent a few days before returning to Buckholts where they will make their home.

SURPRISE BIRTHDAY DINNER

On last Thursday evening Mrs. A W. Esslinger arranged a surprise for her daughter, Miss Cornelia, when she invited several of her friends to a sumptuous 6 o'clock birthday dinner.

Covers were laid for Misses Cornelia Esslinger, Dorothy Blaylock, Vance and Corrie Collier, Ethel Collins, Katherine Atkinson, Christine Esslinger and Clifford Barmore, Clarence Posey Joe Mohler and Mike Wiley.

The honoree was the recipient of a number of pretty birthday gifts.

BUSINESS & PROFESSIONAL WOMEN'S CLUB

The Business and Professional Women's Club met in session Monday evening at the Country Club at 7:30 o'clock, with the president, Miss Rose Rischar presiding.

The hall was beautifully decorated in holiday colors and symbols. The sixteen tables provided for the serving of the luncheon were laid with monogramed covers, napery and silver, and were centered with a miniature snow man wearing black stove pipe hats, carrying a staff, while tiny snow balls lay at his feet.

The glad hand was given by a Snow man who shocked all who entered. He (she) having a small battery attached to the palm. Much merriment was had over this hearty greeting. Among the guests to attend this delightful occasion were Miss Florence Sands of Dallas, chairman of the Extension Board of the State Federation Club and formerly Vice-president of the National Federation of Women's Club; Miss Daisy Leake of Temple, Vice-president of the State Federated Clubs of the B. & P. W. Club; Mrs. Tom Wright, presidents of the Temple local Club; Miss Ollie Moody, secretary of Temple Club; Miss Arline McDonald and Mrs, Stewart Shaw of Temple. Mrs. Shaw will be remembered here as Miss Floy McLane.

After the reading of the minutes Misses Flora Kestenbaum and Mattie Kinard were elected to membership of the club.

The subject of Federation was taken up by the president and Miss Sands was introduced as speaker of the occasion, who gave an interesting talk on Federation, setting forth many advantages to the B. & P. W. Club for them to federate, using the slogan "Better Business Women for a Better Business World."

There are 47,310 members in the B. & P. W. Club altho it is only seven years old, and 44 states have representation. No other club has grown to such an extent, and is still rapidly growing, in same given time.

Miss Sands is connected with the Holland's Magazine in Dallas, and has a wide experience in this particular line of work. Miss Leake followed Miss Sands with a convincing talk on Federation. The subject will be taken up in next month's meeting of the club and a large attendance is desired at that date.

A delightful luncheon was enjoyed with talks, after which a laughable paper sack stunt was given. A few numbers of dance music were enjoyed, with Mrs. Joe Casey at the piano.

The following committee was appointed for next month's meeting: Mrs. Meta McCown, chairman, Mrs Cora Cammer, Mrs. Maude Boles, Mrs. Susie Slone, Misses Velma Montgomery and Lucille Butts.

AN ORDINANCE

Regulating the installation, repair, operation and maintenance of all interior electric wiring; providing for the licensing of electricians and electrical contractors and the bonding of electrical contractors; providing for the appointment of an electrical inspector, bonding same and fees for service; providing penalties and declaring an emergency.

Be it ordained by the City Council of the City of Cameron, Texas:

Section 1.—That the installation, repair, operation and maintenance of all interior electric wiring of every character and for every purpose shall be governed by the rules of the National Board of Fire Underwriters, as now in force and hereafter amended.

Section 2.—That all interior electric wiring for heat, light and power shall be placed and repaired by a licensed electrician under the supervision of a licensed electric contractor, and in the meaning of this ordinance an electrical contractor is defined to be a person, firm or corporation who is engaged regularly and generally in the business of installing, repairing, and maintaining wiring for light, heat or power.

Secton 3.—That every electrician shall, before installing, repairing or maintaining any interior electric wiring for light, heat or power in the city of Cameron, obtain a license from the City, and for same there shall be charged an annual fee of $2.00 City, for the faithful performance of duty.

Section 7.—That no person shall be entitled to receive a license as an electrician or electrical contractor unless he is 21 years old, and shall have had at least two years practical experience in designing and installing interior electric wiring, and shall have successfully passed an examination given by the Electrical Inspector.

Section 8.—Every licensee desiring to perform interior electric wiring or other apparatus for the use of electric current, shall before commencing any work in connection therewith file an application for a permit for same in the office of the Electrical Inspector, which application shall state in detail the material and apparatus to be installed, giving the street location, and such application shall be acted upon by the Electrical Inspector, who is hereby empowered to revise and make any further requirements he may deem necessary ,and when all requirements of this ordinance have been complied with, said Electrical Inspector shall grant the permit, after which work shall proceed. No wiring shall be concealed from view until inspected by the Electrical Inspector and accepted by him as in compliance with city ordinances provided that if said Electrical Inspector shall fail to make said inspection within 36 hours after the date of the notice which the Electrical Contractor is hereby required to give then said inspection shall be regarded as waived by the Electrical Inspector and work may be covered.

Section 9.—That the Electrical Inspector is hereby empowered and authorized to inspect or have inspected all interior apparatus and wires used in conducting electric current for light, heat and power, and when said apparatus and wires are in his opinion unsafe for life and property, he shall condemn same, shall notify the person, form or corporation owning or using the same, and shall order same placed in a safe condition within 72 hours. Any person, firm or corporation failing to comply with such order shall have his or its wiring for light, heat or power disconnected by order of the Electrical Inspector to the Power and Light Company.

Section 10.—That any person, firm or corporation who shall do any wiring, or installation of electrical wiring or apparatus in violation of this ordinance or who being an Electrical Contractor shall have done any work not in conformity with this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than $10.00 or more than $200.00.

Section 11.—That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 12.—The fact that there is now no adequate ordinance of the City of Cameron regulating the installation, repairing, operation and maintenance of electrical wiring and that there is a necessity that an ordinance be put in effect at once covering same creates an emergency and an imperative public necessity that the rule requiring ordinances to be read at three separate meeting be suspended, and it is hereby suspended, and this ordinance shall take effect and be in force from and after its passage and its legal publication.

Passed and approved January 4, 1927.

JUDD G. DAVIS, Mayor.
Attest: R. D. BROWN,
Secretary, City of Cameron

Born January 3, 1927 to Mr. and Mrs. J. L. Britton at the Baptist Sanitarium in Houston a 9 1-2 pound girl, named Jo Ann. Mr. and Mrs. Britton formerly lived in Cameon. He was employed as cashier for the Santa Fe At present he is traveling freight agent for the Santa Fe with headquarters in Houston.

CARD OF THANKS

We sincerely appreciate the thoughtfulness of those who came to us during the bereavement in which we lost our father, T. W. Aycock. Words are not sufficient to convey the appreciation we feel for the many acts of kindness and the expressions of sympathy which help us to bear the sorrow we sustain in the loss of one much loved by his family and so widely mourned by his friends. To each and everyone we wish in this way to express our thanks.

Miss Maggie Lou Aycock.
Mr. and Mrs. E. M. Belk.
Mrs. Emma Barron.
Mrs. Ida Drew.
Mrs. Blanche Jacobs.

NOTICE

This is to give notice to the public that cotton receipt No. 97629 issued in the name of Oscar Shuffield on the 26th day of August 1926, by the Cameron Compress Company, for one bale of cotton delivered by him to that Company, has been lost, and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.

Cameron Compress Company,
S. E. Dossett, Supt.

CARD OF THANKS

I thank Drs. Sapp and Rischar and my neighbors and friends for their kind thoughtfulness and courtesies shown me and for their beautiful floral offerings in connection with the recent illness and death of my husband.

Mrs. Julia Hurst.

There are thirty-nine known diseases that may attack rose bushes.

E. J. COPES

Mr. E. J. Copes, 69, died at his home here Saturday afternoon at 2:30 o'clock. For several months Mr Copes had been in declining health.

Short services were held at the residence Sunday at 2 o'clock conducted by Rev. L. J. Power, after which the body was shipped over the Santa Fe to Fort Scott, Kansas.

Mr. and Mrs. Copes have been in charge of the Hearne Hotel here for some time. He is survived by his wife and one son.

The Herald extends sympathy to the bereaved ones.

MRS. DUNCAN McCALL

Mrs. Duncan McCall, 52, died suddenly at her home at Yarrelton Saturday, January 1, 1927 at 6:30 p. m.

Funeral services were held at the North Elm Church Monday afternoon at 2 o'clock, conducted by Rev. Raley of Fort Worth. Funeral arrangements were in charge of Green Bros. Undertakers. One of the largest crowds ever assembled in the community gathered on Monday afternoon to pay their last tribute and to offer their sympathy to the family in the hour of great loss.

Mr. McCall is survived by her husband, one daughter, one son, several step children, one brother, one sister and her mother.

Because a prosperous haberdasher and in 1651 sold his shop, distributed at Chesham prayed behind the counter, the money among the poor, he was known as the 'Mad Hatter.' Hence the phrase, 'Mad as a hatter.'

The criticism so far voiced of the new radio picture sending device concerns a tendency to give the subject's face a marcel wave.
